# THE BAPTISM OF THE DEVIL

*With thanks to Conjureman Ali, and Maddie, who passed this on to me independently of each other.*

*Begin on Friday and end on a Sunday*

FRIDAY:

Light a purple Candle for St Cyprian and burn Frankinscence and Myrrh or Copal. Fumigate your house or room and write down the name of the spirit you wish to elevate. If it's a demon you wish to elevate, write down its sigil as well.

Set up three glass bowls in a row. Pour red wine in the one on the left.

Call the spuirit you wish to summon by the power of St Cyprian and light a white candle for that spirit using the flame of the vigil candle. "With Saint Cypriano's Light, I grant you light."

Smoke the seal or name paper in the incense and place it under the red wine and say "Through Baptism in the blood of Christ I bring you from the darkness and pray for you.".

Pray the Rosary or Ali says the Apostles Creed, Our Father, and Hail Mary 3x each.

Let the white candle burn down.

SATURDAY:

Incense and Candle to Cyprian Again.

Pour Water in the second cup.
Smoke the name or seal again and place it under the Water cup
Light another white candle from St Cyprians Candle and say: "Through Baptism in water I cleanse you and pray for you.".

SUNDAY

Incense and Candle to Cyprian Again.

Pour Oil in the third cup. Smoke the paper again.
Light another white candle from St Cyprians Candle and say "With St Cyprians Light I give you Light and elevation. "
Dab your finger in the oil and make the sign of the cross on the spirits paper and say ""Through a baptism of spirit, I anoint you. Rise through the Power of Saint Cyprian in the Name of Jesus Christ."

Place the paper under the glass with oil, and let the white candle burn down. At the end you can burn the seal and scatter the ashes at a church. That spirit will henceforth have a different, much gentler relationship with you.
